## THE FLYNN SCRAP.

### History of the Case That Lead Up to Anadar- ko Incident.

## THE PERMIT WAS REVOKED

### The Indian Commissioner Said Flynn Had It Done For Per- sonal Reasons.

Anadarko, O.T., Oct. 4.—A reported denial by Mr. Flynn of acquaintance with W. H. Cleveland of this county has caused considerable discussion here of the recent trouble between the delegate and Mr. Cleveland which occurred at the depot in this city not long since. It is not believed that Mr. Flynn made such a statement, for quite a number of people are more or less acquainted with the cause of the difficulty.

Since the affair here has given the matter a territorial notoriety, some effort has been made to ascertain some facts in the case, about which the people generally are ignorant.

It appears that Mr. Cleveland made the request of the Interior Department that he might go upon the Kiowa reservation years ago in order to be present at the payment to collect some bills which he held against certain Indians. The request was granted by the commissioner of Indian affairs, Mr. W. A. Jones, and authority was issued to that effect. Later his permit was suddenly revoked, and for a long time he was unable to ascertain the reason. He found that it was done at the request of Mr. Flynn, as was afterward explained by the commissioner in a letter.

Some of the correspondence in this matter is herewith given, in the form of three letters from Commissioner Jones, which will explain the whole matter:

Department of the Interior, Office of Indian Affairs, Washington, October 10th.

Col. Jas. F. Randlette, Acting U. S. Indian Agent, Kiowa and Comanche Agency, Anadarko, Okla.

Sir:—An urgent request has been made to this office that Mr. Wm. H. Cleveland and Mr. R. A. Sneed and Messrs. Yates and Duffield, all of Mountain View, Okla., be allowed to come upon the Kiowa reservation at the time of payment for the purpose of collecting amounts from the Indians and others for merchandise and supplies furnished them at certain times.

As the opening of the Kiowa reservation is near at hand and grass money payments will soon cease I have decided to grant this request. Of course these gentlemen must not be accorded any privileges not allowed to licensed traders on the reservation.

If these gentlemen are allowed this privilege other merchants to whom Indians are justly indebted for goods furnished—not whisky, etc.—must be allowed the same privilege.

This permission is granted—only for the single payment, which is made within a short time.

Very respectfully,

W. A. Jones,  
Commissioner.

Department of the Interior, Office of Indian Affairs, Washington, October 12, 1900.

W. C. Shelley, Kellogg Building, City.

Sir:—In compliance with your request of the 3rd instant, the agent for the Kiowa Agency was yesterday authorized to allow R. A. Sneed, W. H. Cleveland and Yates and Duffield to go upon the Kiowa reservation at the next payment to collect debts justly due them from the Indians. A copy of the letter is inclosed herewith.

You will notice that this permission is given only for the next payment and not for succeeding ones.

Very respectfully,

W. A. Jones,  
Commissioner.

Department of the Interior, Office of Indian Affairs, Washington, February 2, 1901.

W. C. Shelley, Esq., Washington, D. C.

Dear Sir:—Your favor of the 26th ultimo, referring a communication from Mr. Cleveland requesting reasons why his permit was revoked to go on

the reservation during the present payments, is at hand.

I will state in reply that the permit was withdrawn at the request of Mr. Flynn, delegate from Oklahoma. Mr. Cleveland evidently interfered obnoxiously in the matter of the election of Mr. Flynn, which I presume constitutes the ground for his request to have the permit revoked.

Respectfully yours,

W. A. JONES,  
Commissioner.

It will be seen from these letters and the dates under which they were written, the nature of the cause which led up to the recent trouble at the Anadarko depot, and which many people are not familiar with. It will at this time be interesting reading for the public, coming in way explanatory of the affair.

## Wreck West Of City.

A wreck west of the city about three miles delayed the west bound passenger yesterday until after midnight. The freight which leaves Fort Cobb about four o'clock each day, was running about thirty miles an hour when one of the box car trucks jumped the tracks, carrying the car with it. Immediately the rear cars smashed into it splintering it into kindling wood, and turning it crossways of the track. Several cars were badly wrecked but we understand that the caboose did not leave the track and that while every one was badly shaken up no one was seriously hurt. The train crew failed to get word to Anadarko in time to stop the passenger train and it ran almost to the wreck, before they were aware that the track was blocked. They then backed up to this city where they laid until after midnight. The west bound passengers unloaded and had a good time seeing the town.

## Council Proceedings.

The City Council met last night in regular session, the Mayor and all the members being present except Councilman Elton. The following street crossings were ordered: Three crossings across 5th and Broadway, 3 crossings across 6th and Broadway, 3 crossings across 5th and Oklahoma, 3 crossings across 6th and Oklahoma, 4 crossings across 5th and Main, 3 crossings across 6th and Main, and 1 crossing on 3rd street on the north side of Main. This work was placed in the hands of the committee on streets and alleys, and ordered to proceed at once to have these crossings put down. Will the committee do it?

The Mayor was instructed to take up the opening up of 7th street across the R. R., with the superintendent of the Rock Island, whose headquarters are at Topeka Kan.

The Mayor was also instructed to bring up the fact that the section house and stock yards are in the street, and see if something could not be done with them. The following bills were allowed.

T. H. Brooke	\$10.00
